Report of Principal and School Improvement Council

Fairfield Elementary School's theme for the year is to develop responsible thinkers and seekers of knowledge. Our school serves a population of pre-K through sixth grade. The balanced literacy approach is used for teaching reading and a variety of assessment tools are used to monitor progress such as Dominie. Our school is committed to ensuring that students demonstrate mastery of state standards and integrate world culture themes throughout the use of curriculum standards.

This is the second year of restructuring in which our school has worked hard to empower stakeholders to foster a sense of community and pride. We are pleased with the accomplishments thus far, but continue to search for innovative ways to continue improving the educational process at Fairfield Elementary School both academically and socially.

Based on PASS scores from the 2008-2009 school year, it was evident that instructional strategies needed to be revised and revamped to address deficiencies in math and science. We provided extensive training on AIMS, Worksheets Don't Grow Dendrites, as well as a book study of the The Daily Five. The teachers and leadership team worked together in an effort to use data driven decision making to implement best practices in the instructional day to day processes.

On a positive note, during the 2009-2010, an international fair was held to highlight world cultures in which there were guest speakers, student performances, and food tastings. In addition, other school wide activities were held to recognize students for academic and behavioral accomplishments. Each quarter an awards day was held to honor A and B honor rolls, citizenship, and discipline- free students.

Overall, we have implemented varied strategies to assist with student achievement; however, we would like to involve more parents and community stakeholders in helping us to reach our mission. Next year, we will continue focusing on student achievement by re-evaluating our school renewal plan to verify that student achievement is our top priority.
